

To Our Golfers:

Atlas Physical Therapy and Sports Medicine is known for its community involvement and love of sports. Sports medicine is an integral part of our work and has given us the opportunity to partner with schools and athletic associations in our area.

St. Johns County is known for the care given to their student-athletes and licensed athletic trainers are the healthcare professionals specifically employed to care for our children that participate in the sports programs throughout our area. The mission of Atlas' Sports Medicine Program is to support and assist the county in their efforts of providing healthcare to the student-athletes.

This focus on sports medicine is the force behind the creation of a golf tournament to benefit the athletic training programs at Bartram Trail and Creekside High School. The tournament will be held to raise money for supplies and equipment which support the efforts of the athletic trainers.

We "Thank You" in advance for participating and being a part of an event which will benefit the current, as well as the future, student-athletes in our local schools.

Sincerely,

The staff at Atlas Physical Therapy and Sports Medicine

Second Annual  
Sports Medicine Scramble  
Benefiting the Sports Medicine and Student-Athlete programs of  
Bartram Trail and Creekside High Schools
