

Dear Sponsor:

Atlas Physical Therapy and Sports Medicine is known for its community involvement and love of sports. Sports medicine is an integral part of our work and has given us the opportunity to partner with schools and athletic associations in our community.

St. Johns County is known for the care given to its student-athletes. Licensed athletic trainers are specifically employed to care for our children that participate in the sports programs throughout our area. The mission of Atlas' Sports Medicine Program is to support and assist the county in its efforts to provide quality healthcare to the student-athletes.

This focus on sports medicine is the force behind the creation of a golf tournament to benefit the athletic training programs at Bartram Trail and Creekside High Schools. The tournament will raise money for supplies and equipment which support the efforts of the athletic trainers.

Please take a few minutes to examine the many options available for sponsorship. We will be able to accommodate any sponsor who desires multiple sponsorships or wishes to create or combine a package best suited for their business's needs.

Sincerely,

The staff at Atlas Physical Therapy and Sports Medicine

Tournament sponsorship is available at several levels. Your support of our event ensures that the athletic trainers at Bartram Trail & Creekside High Schools have the supplies and equipment they need to provide our student-athletes with the very best care.
